

Shop and Field Rental/Frac Technician

 **Location: RedDeer, Alberta**

 **Full-Time | Shop & Field Work | Overtime Available | On-Call**

We're looking for a Shop and Field Rental/Frac Technician to join our growing team!

If you're mechanically inclined, safety-focused, and enjoy hands-on work with oilfield equipment — this could be the right fit for you.

What You'll Do

- Assemble frac heads as required in shop and field
- Prep and inspect equipment before and after field jobs
- Support field operations as needed — troubleshoot and repair on-site
- Knowledge and ability to repair, inspect, test pressure control equipment, including valves, would be an asset
- Keep accurate service records and maintain a clean, safe work area
- On-call rotation for both frac and conventional rental equipment

What We're Looking For

- 5–7 years of oilfield or mechanical experience (frac experience an asset)
- Strong mechanical aptitude and attention to detail
- Valid Class 5 driver's license
- H2S Alive, First Aid, WHMIS (or willing to obtain)
- Ability to work flexible hours and field schedules when required

What We Offer

- ✓ **Competitive pay + overtime**
- ✓ **Benefits package (after probation)**
- ✓ **Year-round work and career growth**
- ✓ **Great team and strong safety culture**

 **Apply today! Send your resume to hr@haes.ca, use subject line: "Frac/Rental Technician Application – [Your Name]"**
